A "concern that Pup Cannon's tag was not engraved" and therefore was disqualified from being advanced to Devil Dog brought up by DD Katz went unresolved as a good solution could not be reached.

The result was that Pup Cannon left the zoom, vowing to drop the Dogs and the grand Growl continued. Pup Balcom was advanced to Devil Dog.

The dog catchers brought in 2 Marines to join the Order-initiation was concluded and Pups Peirce and Byers were given oath of obligation and welcomed into the order.

The Growl closing was done.
