LASKEY'S TELEGRAPH

Newsletter of The New England Division of The Marine Corps League Vol. 5 Issue 1

Message From The Division Commandant

Dear Marines,

As we proudly celebrate the 250th Birthday of the United States Marine Corps—a momentous occasion that honors not only our illustrious past, but also the enduring spirit that defines what it means to be a Marine.

For two and a half centuries, Marines have stood as our nation's elite warriors—fighting with honor, courage, and commitment in every clime and place.

From the legendary battles of Belleau Wood and Iwo Jima to the deserts of the Middle East and missions of peace and humanitarian aid around the globe, we have forged a legacy written in sacrifice, valor, and unwavering brotherhood.

Yet our service does not end when we remove the uniform. As members of the Marine Corps League, we continue to uphold the sacred values instilled in us at boot camp—leadership, integrity, discipline, and a commitment to those who served alongside us. We remain bound by duty: to care for one another, to support the next generation of Marines, and to serve our communities with the same dedication we gave to our Corps and country.

In this 250th year, we are not just celebrating our history—we are actively writing its next chapter. Whether it's mentoring young Marines, assisting veterans in need, participating in patriotic events, or preserving our heritage, our mission continues. The League offers us a unique opportunity to channel our experience, wisdom, and pride into action that matters.

So let us raise a glass—not just to 250 years of the United States Marine Corps, but to the unbreakable bond we share as Marines, past and present. And let us reaffirm our oath—not to a rank or uniform, but to a lifelong call to serve.

There will be many celebrations throughout the country. As we celebrate the 250th, let us also pause to remember those who are standing watch—at posts near and far, on land and at sea, in silence and in sacrifice. They carry forward the legacy we helped build, and they remind us why we continue to serve.

WHAT SHOULD I SUBMIT?

This is your Newsletter, so anything you think others might be interested in, please share it here. Look at the categories, Departments, Toy for Tots, Devil Dogs, Taps, Birthdays, Sick, Personal writings, Upcoming Events, Help Wanted, History, League and Marine Corps, Awards and Recognition. Community Events, Scholarships, Conventions, Meetings and Grand Growls, and ongoing projects. What are we doing for recruiting? What are we doing for Marines for Life? What can we do to bring back the Auxiliary? Think of some of the programs we have expanded and can you think of any others you want to create or expand? We expanded the Dogs to include donations to provide help to animal shelters, what about other groups? What about donations for women's shelters for women and children of these women? Toys For Tots expanded there program to all low year round help to children in distress. Someone had an idea and this grew from it, you could start your idea here. I am sure there are more topics but this is a good start.

FROM THE EDITOR

A STORY WORTH TELLING

I'm going to borrow this section this month to help kick off something new I have taken on. I have taken on the role of Chair of the National Newsletter Competition, and with that I am trying to make some changes. First I want to make more people aware of it, the benefits of having a News-Newsletter look like, and lastly to create a PowerPoint on how to create and publish a Newsletter. If you go to my FaceBook page, [Facebook](#), there is a new page linked to that for National Newsletter competition, where this years winners and entry they submitted for judging to give you an example of what it takes to win. The Honorable mentions are published with the you an example of what it takes to win. The is on the National website in the Library, change to make submission and following a lot of newsletters out there and some of participate. How can they help my detach- ing Roses or recruiting and you are talking to sign up. You give them your card and on the back give them the link for the Newsletter or ask them to contact you for a copy of the Newsletter. You make a list of contacts and send them the newsletter when it comes out. There are six newsletters a year it gives you a non harassing way to keep in touch, while showing them what we are doing out there. When I publish my newsletters, I send them out to all the members, post it on FaceBook, and LinkedIn and ask others to repost so that it goes to others not in my algorithm. Then My Commandant has a list of people that they send the Newsletter out to. It goes to anyone that is featured in the Newsletter, it goes to others up the chain and the other organizations we invite to share their information in our Newsletter such as The Young Marines, ToysforTots, Boy Scouts, Marines for Life, Chaplains and The Dogs. This is Communications 101. We have a message and we want to share it and get it out, what better and fun way than this. Think about your Detachment or Department and lets deliver our message to a whole new venue.

NEW ENGLAND DIVISION NATIONAL CONVENTION GRAPEVINE TEXAS

As we begin the first day of our National Convention, let us start with one of the elements we treasure the most in the League, Comradery. So here are the smiles from some of those attending.

Good Morning, Honorable SR. Vice Chief DD, Joe DeAngelo Jr., PNC, Warren Griffin, and National SR Vice Commandant Russ Miller

NAVC Mike Hinds, New England Division Chief of Staff Joe Afonso, NED. VCDD. Pat Mc Mahon, Southern Div. VCDD Audrea Killalea

Tina Harvey Dept of Texas, Credentials Chair Teresa Terry, Honorable SR Vice Chief Devil Dog Joe DeAngelo Jr. And Honorable Aide De Camp, Barb De Angelo

NEW ENGLAND DIVISION NATIONAL CONVENTION GRAPEVINE TEXAS

I would be remiss if I didn't acknowledge these three people because all of the views of the convention would not be possible without the work that they put into it. The emotions you feel or the pride and professionalism you get is due to the extra effort they put forth. The running back and forth to capture the Awards, walking the floors to capture smiles and candid expressions, it all comes from their dedication. Thank You

If you have never been to a National Convention you are really missing a great experience, and a really good time. As I look at the photo above if you have been here before you can see the different groups assembled together and realize the amount of work that will be completed here. The Ladies Auxiliary, has their agenda, The Dogs have their agenda of which the majority is the advancement of Devil Dogs to PDD, and Finally the League itself. We introduce, honor, remember, recognize and award, approve new By-Laws, while making adjustment to existing laws, nominate and elect new officers to lead us in the upcoming year. But in addition to all of this we are entertained, we celebrate, and take in the sights of what this area of the country has to offer, while enjoying the comradery with old friends and making new ones. What follows here cannot share all of what a Convention has to offer I do hope it peaks your interest to attend one in the future. So as we look at those assembled on the first day in anticipation of Colors, we begin.

FOCUS Marines Foundation was created in 2010 by Marines who served in the Corps years ago. Following active service, they lived productive and rewarding lives. These Marines, many of whom saw combat in Vietnam, understood firsthand the issues of transitioning from military to civilian lives and were determined to help this new generation of Marines and veterans who served during the war on terror.

FMF developed a week long program called FOCUS, held west of St. Louis, Missouri. The program is conducted four times each year with a maximum of 25 per class. Participants arrive on Saturday and depart the following Saturday. Sunday is spent building class energy and cohesion. Monday – Wednesday focuses on “Who Are You? & Who Do

Brian Gillespie, gave a presentation on **HAMSAL, Help A Marine Save A Life**. This program deals with preventing Marine/Veteran suicide and some of the substance abuse factors that are also attributed to this problem, such as drugs and alcohol. How do you spot the signs and what do you do if you see them. What can you say or do to make sure that Marine gets the help they need. If you go to the Library on line you will find the presentation he originally gave. However, look for the part two of this program which is the one he spoke about at the Convention. There are many facts in this presentation I was never aware of.

“You Want To Be?” Thursday – Friday addresses “What Do You Want To Do? & How Are You Going To Make It Happen?” The entire FOCUS program and travel are PROVIDED FREE OF COST TO PARTICIPANTS. To understand how effective the FOCUS program is, please see the Graduate Testimonials. To date, nearly 1,160 post-9/11 veterans from the Marine Corps, Navy, Army and Air Force have attended FOCUS. Marines and Navy Corpsmen comprise majority of each class. Attendees have ranged in rank from Private to Colonel, and in ages from 21 to 67. They came to FOCUS from throughout the U.S. These veterans return home with new-found self-respect and purpose.

As we say farewell to Texas, this last photo seems fitting, as this is our family, whether you are in the picture or not, we are part of this. This is right up there with that quote, "There Can Be Only One", because its true. Leaves are falling, autumn is calling. Happy fall, y'all.

The onset of fall means the League is entering its busy season, for all veterans, not just Marines.

We should have participated in ceremonies honoring the victims of the terrorist attacks of 11 September 2001. That was a tragic and momentous day in our history, followed every year by somber gatherings nationwide. **Never forget!**

We do not have a lot going on in October but for many of us, it signals the beginning of Toys for Tots campaigns. TFT is probably the effort that brings us the most exposure as a Department. If your Detachment does not participate in a TFT drive, Commandants should provide a list of potential collection sites and share it with the closest participating Detachment so they may expand their territory.

On the other hand, Detachments should *never* expand into another's area without approval from the other Detachment's Commandant. This is in keeping with the TFT guidelines.

And just wait for November! It is probably our busiest month with Veterans

Day and the Marine Corps Birthday events.

Some Detachments will have birthday balls, dinners, and other such events. Show your Marine pride and attend as many celebrations as you can.

The Department of Connecticut is sponsoring a cake cutting ceremony in the rotunda of the state capitol building at 1300 on 10 November 2025. All League members, active-duty Marines, and their families are invited.

We have a small committee working out the details, which will be shared soon. Pencil this event on your calendars.

If any member would like to assist the committee, please contact Peter DePaola or me. We will have a Zoom meeting on Friday, 26 September at 1900.

Commandants, please watch your emails for important information on end-of-year reports. Please ensure that your ROIs, 990s, and other compliance reports are completed.

Semper Fidelis.

Promoted to lieutenant commander in September, Boone made it through the war to the armistice on Nov. 11, 1918. His life-saving actions on July 25 were recognized by the Navy, which later saw Boone awarded the Medal of Honor. That, along with the DSC, six Silver Stars, Bronze Star with "V," two Purple Hearts, French Officier de la Légion d'Honneur and Croix de Guerre with two bronze stars, added up to his ultimate status as the most decorated medical officer in the U.S. Armed Services. Boone continued his naval career through World War II and Korea, one of the few Americans to have served in four conflicts. He represented the American medical forces on the deck of battleship Missouri when the Japanese surrendered on Sept. 2, 1945. He also served in the White House physician to Presidents Warren G. Harding, Calvin Coolidge, Herbert Hoover and, briefly, Franklin D. Roosevelt.

BIG DOGS IN TOWN

On Sunday September 7th the Dogs of The Connecticut Pack were honored to host The Honorable Senior Vice Chief Devil Dog, Joe DeAngelo Jr. and the Honorable Aide De Camp, Barbara DeAngelo. I have been a Dog since 2017 and we have never had a visit from anyone from the kennel besides our New England Vice Chief Devil Dogs, Pat McMahon, and Cherie Monnell. They came to present an award to PCDD Doug Fisk for his continued contributions to the Dogs, and to swear in Vice Chief Devil Dog Pat McMahon.

50 YEAR A MARINE

This year marks 50 years "Marine." In 1975, there were rines during that era and very It was by accident that I even en in the Marine Corps. I had and WAVES and never gave it our country; until the day I Marines and within six weeks I footprints at Parris Island!

Today, there are about MOS's are open to those who about 6.5% of the Marine Corps challenging, both physically and much easier than the boot different PFT then, and we were range. We were trained to be even issued a make-up kit and

since I earned the title, only about 3,000 women Ma-limited MOS's to choose from. learned that there were wom-basically only heard of WACS a second thought of serving heard that there were women was standing on those yellow

14,000 women serving and all qualify. Women make up population. Boot camp was mentally in 1975, but it was camp of today. We had a very never introduced to the rifle "Lady Leathernecks" and were provided classes on etiquette.

But then we entered the 1980's where things started to rapidly change. Although I loved being a Marine, I only served four years active duty and then got out to start a new season of my life as a wife, and eventually a mom. Women were discharged from active duty if they were pregnant and I witnessed some of my friends end their service because of it. That started to shift in the late 1970's so by 1980, women were allowed to stay in when pregnant. There still are a lot of complications in today's force with custody of children when the mother deploys, or even goes to extended training, but more women are making careers as Marines than ever before. Within six months of leaving active duty, I joined the Marine Corps Reserves and enjoyed being affiliated again. My MOS was in Administration, so I always had a billet wherever I went. Everything started to change for women Marines around this time. We were now permitted to wear Cammies and boots, something I loved very much! And we finally got to go to the rifle range and fam-fire. I loved that too! Our PFT changed for the third time since I joined to be more aligned with the male PFT. I was fine with that too! And more opportunities were opened for women with the MOS's, and I was proud of that.

During my 24-year career, I served in two active-duty units, and seven reserve units from west coast to east coast, mostly infantry units, long before women were allowed to be in an infantry unit. I deployed with 25 th Marine Regiment for Desert Storm as their Regimental S-1 Chief and

CONNECTICUT

50 YEAR A MARINE

was the only woman in the regimental staff. Within a year after returning from that deployment I was promoted to 1 st Sergeant. Because of my gender, the Marine Corps would not allow me to stay with the infantry regiment, so they gave me orders to logistics group where women were allowed to serve in leadership billets. Several years later, I was invited by HQMC to return to 25 th Marine Regiment to be their Headquarters Company First Sergeant and make history for women in leadership billets. I declined that offer and accepted orders to another logistics company in New Jersey. I was the company 1 st Sergeant of two logistics units before being promoted to Sergeant Major and assigned to 6 th Motor Transport Battalion, which some of the old- timers had issues with that.

As I reflect on my 50 years as a Marine, I feel quite blessed. I joined the Marine Corps knowing very little about the Marines, yet eager to be one. I knew little about the history of the Marine Corps outside of what we were taught in boot camp. The 200 th birthday celebration in 1975 was my first experience of sharing such pride with fellow Marines and I began to truly feel part of this family. I graduated boot camp and MOS school and was acclimating to my first duty assignment in 1975 and the buzz was contagious and energizing about the Corps' 200 th birthday celebration. I was bursting with pride to be part of this great organization, and the enthusiasm propelled me to lean into this new identity that was now mine. I earned the title Marine, and now I have a responsibility to uphold all its traditions and customs like all those who came before me.

During my 24-year career, the PFT became the easiest thing the Marine Corps asked of me. I was a trailblazer of sorts for all the changes that were occurring to integrate women into combat MOS's. To meet those MOS minimum standards, women had to adapt and overcome all the myriads of changes with the PFT, weapons training, Crucible, billeting, uniforms, etc. Fifty years later, I stand prouder knowing I am part of an elite organization who has embraced the changes for women Marines and welcomed us as equal. As women, not Lady Leathernecks, we've been challenged to meet physical and mental requirements that have stretched us beyond what most women could ever imagine with a focus on strength and endurance. I love the line, "All women were created equal, then some became Marines."

Happy 250 th Birthday Marines!

CHAPLAIN'S CORNER 250 YEARS AS MARINES

My journey as a Marine importance of leadership, not just diverse life journey from being and logistics, to managing institutional pharmacies across the Northeast, elected to public office, and a non-stop volunteer for veterans causes.

As the Marine Corps Chaplain, my message is simply Corps Values of Honor, Courage

taught me the immeasurable in the field but in life. I've had a with the 12 th Marines, artillery

League Department of CT to always live by our Marine and Commitment to strengthen

our spirit for everyday life. We always need to be spiritually fit, have resilience and hope, and uphold our faith, family and our Country as foundational to our service. As we prepare to mark the 250 th birthday of our Marine Corps, I know that the Marine Corps instilled in me a sense of responsibility for welfare of others and a belief that leadership always matters, regardless of one's role. It's a lesson that reminds me that we leave our mark not only on the Corps but on the community around us. We earned the title "Marine" and that makes us unique since it's part of our identity in whatever we become when we hang up our beloved uniform. Our 250 years of history attests to that fact.

Three generations of my immediate family have served in the Marine Corp from the Korean War era to the Vietnam War era, the Cold War, and most recently my two sons during the Post 9/11 wars. The seven of us learned the importance of taking responsibility for one's actions, taking care of our own, and servant leadership. Each generation has faced new challenges to become a Marine. Today the physical and mental demands are higher than ever. Today's Marines are part of an organization that demands a difference – and delivers global excellence beyond all others.

SHOWCASE

MASSACHUSETTS

Yesterday, the Cape Cod Marine Corps League and Corporal Nicholas Xiarhos Young Marinesrines hosted a joint fundraiser for the Cape Cod Marine Corps Birthday Ball, celebrating 250 years of our Corps. The event was held at American Legion Post 188 in Sandwich.

Families and patrons enjoyed a lively Cornhole Tournament and a delicious cookout lunch. We also shared a presentation on the history of the Marine Corps and held a cake-cutting ceremony. Our oldest Marine present was 92, and our youngest was 34—an incredible reminder of the generations united by service.

A huge thank you to everyone who came out to support this special event.

OORAH! NEWSLETTER

Granite State Detachment #542

Marine Corps League

Commandant's Corner

Members and Associates of the Granite State Detachment,

Have you ever served on a jury? A jury consists of a random group of people called upon to make life-changing decisions, criminal and civil, of financial and personal destinies. They must arrive at appropriate compensation or penalties, guilt or innocence for parties legally involved in the case before them. All this is done often with little assistance except the bare legal outlines given by the judge. This huge burden, deciding on another human being's fate or financial future is balanced with the selfish desire to get home and come expeditiously to a verdict. Contrary opinions and an obstinate juror must be dealt with and a compromise reached. What is amazing, under the duress of this situation, is the knowledge, experience and diplomacy that can emerge from this group of strangers who probably never met and will never see each other again.

Likewise, all of us in the Marine Corps League deliberate and act to the benefit of the veterans and community we serve. And, often due to our military experience, the same corporate genius surfaces to complete our mission. The different backgrounds and professions of our members get the job done and done well. Perhaps by how we direct our activities and fundraising we can change lives and destinies for the better?

To that end the detachment is instituting a Donations Review Board to ensure our funds are allocated predominately to veterans and precisely to those areas of greatest need.

It has been an exciting and active summer. We have now successfully navigated two of our major fund-raising events, (Memorial and Labor Day), taking part in at least three honor firing details and one funeral ceremony (for a member of the detachment). Besides our connection with the state's charitable gaming in Lebanon NH, with Marge, our Paymaster, accepting their donation check at that location, we have also received from the Chester Rod & Gun Club, a huge donation, product of a whole day's event, (which I attended, and even managed to murder a couple of skeets!), exclusively dedicated to our detachment by member "Doc" Dave Freschi. In all of these events I was constantly impressed, and as Commandant, humbled, by the dedication, commitment and expertise I see emanating from our membership.

Paymaster's Message

THIRD QUARTER 2025 PAYMASTER REPORT

The third quarter of 2025 was once again a very active period for fundraising and volunteering efforts by the members of the GSD #542. July and September fundraising events at Market Basket and Bass Pro Shops added to the Detachment's capability of being able to donate to various Veteran's and community organizations during the third quarter including the NH Troopers Association, Building Dreams for Marines, Greater Manchester Boys and Girls Club Summer Camp sponsorship and the VA Medical Center Bingo program for residents of the Community Care unit.

The Detachment's continued involvement with the Charity Gaming at the REVO facility in Lebanon, NH has also contributed tremendously to the GSD #542 donation capability through 2025 and will further provide and enhance the Detachment's ability to substantially help Veterans and community organizations in the upcoming year of 2026. For more detailed information, please refer to each month's Detachment meeting minutes to review the monthly Paymaster Report.

As we approach the beginning of the fourth quarter of 2025, I again encourage GSD #542 members to become involved in the Detachment's volunteer efforts; whether it be "manning a post" at a fundraiser venue or attending one or more of the Veterans Organization events scheduled during the upcoming quarter which includes the exciting celebration of the **250th Marine Corps Birthday!**

HAPPY 250TH BIRTHDAY, MARINES!

250th USMC Birthday

Happy Birthday Marines

Marines of New Hampshire come and join the Department of New Hampshire Marine Corps League (DNHMCL) for our 250th Birthday. This year being an especially monumental year for our League, Corps and Nation. This celebration unites all Marines in every clime and place. For NH we have partnered with Easterseals NH, and the festivities will be held at their new Military and Veteran Campus. This new campus is New Hampshire's first all-in-one space for service members, Veterans, and their families. The campus has been established to provide affordable housing, essential services, and outdoor recreation together in one supportive community. The partnership between the Marine Corps League and Easterseals is a great example of two organizations coming together to support Marine Corps Veterans and the continuance of our traditions. The campus has onsite hotel rooms that will be reserved for this event. The meal will be provided by a local restaurant "Alan's of Boscawen". Alan's has supported the Dillon Detachment for many years and is now able to expand into supporting all Marines in NH at this event. The cost of this event for Marine Corps League members plus one guest is \$0. Marines who are not members will receive a similar benefit with a \$50 refundable deposit. Other guests will be charged \$50 per person. How can we offer this event at no cost to Marines, glad you asked! This event is made possible by the New Hampshire Charitable Gaming and the Revo Casino and Social House in Lebanon. A portion of the revenue from the games played at Revo Casino and Social House from 7/20-7/29/25 will be distributed to DNHMCL, a portion of said money will be used to pay for our Birthday Celebration. Allowing **ALL** Marines to come and enjoy the Esprit de corps and fellowship as we honor the men and women who are serving today and those who served our country throughout the last 250 years!!

Dave Hamilton Memorial Shoot Check Presentation

CHESTER ROD AND GUN CLUB FUNDRAISER DONATION

By Marge Romano

On July 12th, 2025, under the direction of David "Doc" Freschi, the Chester Rod and Gun Club held a fundraiser shoot in memory of long-time club member, David L. Hamilton who unexpectedly passed away on February 18, 2025.

In David Hamilton's honor, a total of \$1675 was raised by the members. At the club's August membership meeting, a donation check of the \$1675 was presented to Eric Anthony, Commandant of the Granite State Detachment #542 Marine Corps League. The generous donation will enable the GSD#542 MCL to help make an impact in the many Veterans organizations that the Detachment supports.

Building Dreams for Marines Check Presentation

Building Dreams for Marines

In a continued show of support of Building Dreams for Marines' mission, the Granite State Detachment 542 of MCL presented our donation of \$2,000 at their Golf Tournament in August 2025.

This donation will help bring needed help to Marines in the greater Manchester, NH area.

Pennies for Pounds Fundraiser

PENNIES FOR POUNDS 2025

Year three of raising funds for NH Veteran Charities!!!

I am a disabled veteran with traumatic brain injury and post-traumatic stress disorder. I have found weightlifting to be of great benefit to my mental health and PTSD. I have also found healing in giving back to the NH veteran community. Two years ago, I made the decision to combine my two methods of healing by fundraising for a weightlifting competition with the proceeds going to NH veteran charities. Last year, I was able to raise \$2500.00 which was divided evenly between two NH veteran charities: Homeland Heroes and Warriors at 45 North. It is my hope to exceed these amounts this year.

There are two ways to donate to Pennies for Pounds: a flat rate donation, or a chosen amount per pound resulting in a donation based on the total amount of weight I lift at the competition. While donations by check are accepted, donations through Eventgroove provide clear and transparent record keeping for all parties, assisting in alleviating concerns potential donors may have. 100% of the money raised goes directly to the charities.

With your help, I can reach my goal of exceeding my prior two years donations. 100% of funds raised go to the selected veteran charities and none of it is used for the competition or my expenses.

Please scan the QR code to access the donation website. If you have any questions, please do not hesitate to contact me at mjmartioski@yahoo.com or 603-913-4959.

Sincerely,

Michael J Martioski Sr.

August 30, 31st our members took some time out of their Labor Day weekend to cover the fundraising table at Bass Pro Shops in Hooksett, NH. Below are a few images from that fun weekend with the kids and dogs and patrons of Bass Pro Shops.

From one of our volunteers from Sunday, Jim Ambrose, wrote the following: "The event was conducted both Saturday and Sunday at Bass Pro. Other members of the Granite State detachment were there on Saturday.

It was a most enjoyable event as there were so many people interested in what we do to help veterans in New Hampshire. As always we give out mini "flags on a stick". Not only popular with the adults but the instant smiles of all the kids when presented with a flag was priceless!

As always, it was an honor to be part off his event.

The eight-point Veteran's Creed is:

1. I am an American Veteran
2. I proudly served my country
3. I live the values I learned in the military
4. I continue to serve my community, my country and my fellow veterans
5. I maintain my physical and mental discipline
6. I continue to lead and improve
7. I make a difference
8. I honor and remember my fallen comrades

A Brotherhood Forged at Parris Island - 71 Years of Semper Fidelis:

PDD Stephanie Abbott

In 1954, during a time when boot camp was governed by fewer rules and even fiercer discipline, two young men from Connecticut found themselves assigned to the same eight-man tent at Marine Corps Recruit Depot Parris Island, South Carolina. John Harding, a spirited 6'2" recruit classified as overweight, and Domenic "Dom" Falcon, a 5'10" underweight young man, were paired together by the Drill Instructors. The pairing was strategic—John was instructed to pass portions of his chow to Dom, ensuring both recruits met the weight require-

ments of the Corps. Over the grueling 14-week training cycle, John and Dom forged a friendship that would stand the test of time. They endured the hardship of Parris Island together, growing not only as Marines but as brothers. Following graduation, both Marines attended MOS school to become radio forward observers.

Upon completion, their paths diverged geographically but remained aligned in purpose. John was assigned to the 1st Air Naval Gun (ANGLICO), based in Hawaii, and deployed to Korea and Lebanon to assist Allied Forces with forward observation. Dom, meanwhile,

served honorably for three years at Camp Lejeune, North Carolina. Despite being stationed apart, John and Dom remained in close contact throughout their active-duty service and beyond. Their bond only deepened with time. John stood as an usher in Dom's wedding, and they continued to check in with one another regularly over the decades—a reflection of the enduring Marine ethos: no Marine left behind, in war or in peace.

Today, Dom is a member of Pound 141, Connecticut Pack, and John proudly serves in Pound 306, North Carolina Pack. This summer, John will celebrate his 91st birthday—a testament to his strength, resilience, and unwavering Marine fighting spirit. A former member of the National Marine Corps League Staff, John stepped aside in recent years to make way for a new generation of Marines, though he remains active and proclaims that he "never sees himself slowing down." In the lead-up to the National Convention in West Virginia, John—already a Pedigreed Devil Dog (PDD)—learned that Dom had submitted his Advancement Form to go up for PDD. Without hesitation, John took the initiative to become a Dog Handler and arranged to be in Dom's platoon, standing by his side once again after more than seven decades of camaraderie. This story is more than just a friendship—it is a living example of the Marine Corps' unbreakable spirit of brotherhood, loyalty, and Semper Fidelis. Seventy-one years since they first met at Parris Island, John and Dom remain as close, proving that while Marines may not all be related by blood, we are eternally bound by something far stronger: the title of United States Marine.

THE “CT VETERANS DAY RACE”

HONORS AND SALUTES ALL WHO SERVED

The mission of the CT Veterans Day Race is to support the Connecticut veteran community, especially those most in need. On November 8th, they will be celebrating their 10th anniversary of honoring and supporting CT veterans. Veterans Day is a great time for all Americans to salute our military veterans and say, “thank you.” MCL member, Peter DePaola, is the Race Director and organizer for the event. He, and his wife Jamie, founded this event in 2016 to not just honor our veterans, but to raise funds and awareness for the VSOs who directly help the underserved veteran community.

Since they began in 2016, the CT Veterans Day Race has donated over \$100,000 to 18 different Veteran Service Organizations in CT. Even with the recent economic challenges we’ve experienced, one thing that remains true and strong is the human spirit and the willingness to give, to help, and to support others. 100% of the race proceeds are donated to CT Veteran Service Organizations (VSO) who serve the needy and homeless veteran community.

The patriotic opening ceremony begins at 9:45 a.m. and features the UConn ROTC Color Guard and Rubyfruit A Cappella choir from UConn singing the National Anthem. The race begins promptly at 10 a.m. and offers both live and virtual options in the 4-mile course, 3-mile walk, or the 3-mile ruck sack. Donations of non-perishable food items will be collected for the “Vittles for Veterans” Food Pantry at Veterans Base Camp, and daily essential items will also be collected for the homeless veteran population for “Backpacks for Life” program.

Check out the event’s website at www.ctveteransdayrace.com to learn more. Please join the festivities of the day by being a sponsor, or by participating either in the run, walk or ruck or as a patriotic spectator or along the route cheering on the runners. There’s something for everyone to celebrate and support veterans on Veterans Day. Please share the good news!

In this 250th Anniversary of so many Branches of the Military, please participate in this event in any way that your circumstances will allow. If not physically then monetarily.

NEW ENGLAND DIVISION

Hello to all of our Marine Corps League members and their families. I wanted to let you know about a newer committee that was the creation of Past National Commandant Warren Griffin. Last year Warren wanted to do more for our Marines pertaining to their mental health and wellness. This is how HAMSAL was created. HAMSAL, which stands for “Help A Marine, Save A Life”, centers around taking care of yourself, as well as taking care of each other.

Last year I attended many Division Conferences upon request and presented a PowerPoint that included a little bit about my story, Question, Persuade, Refer (QPR), mental health and substance use disorder. QPR covers suicide awareness and prevention, and I know that we do not talk about this enough. What’s that you say, you don’t like talking about these uncomfortable topics? Well, I am here to tell you that those days are gone. We are our brothers and sisters keeper, whether you know or it like it. We cannot do this alone so we will do this together.

I was honored to speak at the New England/Quad States Conference and if you missed it, you are in luck. I am available to present to your Department and your membership to help spread the word. My HAMSAL presentation can also be found on the MCL Library under the member section. As a retired Police Officer and Marine Corps veteran in recovery, I understand about suffering in silence and fighting that stigma, especially within the First Responder and military/veteran community. But now I recover loudly and help others with their mental health and substance use. Please feel free to reach out to me at any time and contact me at shoremarines@gmail.com and 732-921-7411. Semper Fi!

For the past 15 years, FourBlock has been helping veterans answer this question—and more—through a structured, relationship-based career transition program that meets them at the intersection of purpose, skills, and opportunity.

Swipe to see how our 2024 and 2025 participants answered -->

What's striking is that these are not just tactical gains—they are personal breakthroughs. Veterans aren't simply becoming better at resumes; they're becoming better at navigating uncertainty, building trust, and seeing themselves as the valuable professionals they truly are.

This isn't accidental. FourBlock's model is built around real-time exposure to employers, cohort-based learning, and a lifelong community of alumni and mentors who have walked the same path.

If you're a transitioning veteran, an employer seeking talent, or a leader who believes in purpose-driven work—there's a place for you at FourBlock.

"FourBlock is the veteran transition and career readiness program every veteran deserves." — Will, U.S. Marine Corps veteran

Robert "Bob" Renda
July 15, 1945 - July 5, 2025

Robert "Bob" Renda, 79, of Marco Island, Florida, passed away on Saturday, July 5th, 2025. He was born on July 15, 1945, to Irene (King) and Salvatore Renda. Bob was raised in Chelsea, MA and was a graduate from Chelsea High School, where he was voted "Best Looking". He was a football star and held state records in track and broad jump. Bob went on to attend college at Kansas University, where he ran track and played football before he enlisted in the United States Marine Corps. He proudly defended his country, completing two tours in Vietnam. Bob married the love of his life, Bonnie (Solomon) of Revere, Ma on July 22, 1977. The couple had a son Ted and raised their family in Revere. Bob spent his career working as a carpenter for the local 218 and as a court officer for Lynn District Court.

MCL members at the Honor and Firing detail for Robert Renda at the NH State Veterans Cemetery on Wednesday 7/16/25. Not shown are two American Legion members in full dress that performed the firing detail with us. Bob Niver, Eric Anthony, Dick Lak, Robert McCain, and Mike Martioski.

Bob Niver was the commander for the detail and all went very well and professional.

Howard R. Cox, 81, of Dunbarton, NH, passed away Monday July 21, 2025 at home surrounded by his loving family. He was born on May 15, 1944 in Reading, MA, a son of the late Howard G. and Evelyn (Rogers) Cox. He had been a resident of Dunbarton for the past 7 years, formerly living in Derry, Manchester, Clermont FL and Crystal River, FL. Howard proudly served his country in the US Marines where he served as a helicopter mechanic HMH461. He spent a long career as a computer programmer before pursuing a career as a corporate pilot. Howard was a member of the Rotary Club International and received the Paul Harris Fellow Award.

WOUNDED WARRIOR REGIMENT

WWR Fact Sheet

District Injured Support Coordinators & Field Support Representatives

District Injured Support Coordinators (DISCs) and Field Support Representatives (FSRs) are an integral part of the Wounded Warrior Regiment's (WWR) support structure. They act as a conduit to Marine Corps, Veterans Affairs (VA), and civilian resources for Marines recovering away from a military installation or transitioning to veteran status. DISCs are Marine reservists and FSRs are contract support geographically dispersed to provide assistance and community liaison where needed.

The goal of DISCs and FSRs is to return well adjusted wounded, ill, or injured (WII) Marine veterans to their communities with the knowledge and skills to self-advocate and assist other WII Marines.

What Services do DISCs and FSRs offer?

- Outreach through calls or face-to-face contact with WII Marines and their families requiring assistance.
- Assistance with accessing VA and community resources.
- Facilitate veteran medical care through VA patient advocates or OIF/OEF Coordinators.
- Information on family and caregiver support services (i.e. respite care, scholarship opportunities, counseling support).
- Access to education and employment resources in their local communities (i.e. resume development, interview skills, network/employment opportunities, and application completion).
- Support in working with representatives from medical facilities, the VA, legal authorities, businesses, and non-profit organizations.
- Immediate access to the WWR's medical section and VA for psychological health resources and support, including referrals to local resources to ensure WII Marines receive timely and appropriate care.

Who They Support

- Marines transitioning to veteran status
- Reserve Marines
- Marines recovering in remote locations away from military or federal resources
- TDRL/PDRL Marines

Where They are Located

DISCs and FSRs are geographically dispersed across the country and are generally collocated with VA-operated medical centers, vet centers, and outpatient clinics offering primary and specialized care.

THE COLONEL

David "DOC" Freschi

**Read about your passing
Silver Star on that last battle
We never had much interaction
Pretty far down the totem pole I was
Wondered how anybody could be such a straight
arrow
Squared away always, aloof, demanding
Always surprised, the places you'd turn up
Walking posts in jungles' night, a quiet word
Dropping into sick bay, quiet glances at corpsmen
Read the citation, enemy broke the lines
Overrunning, the next chapter coming
You, a full colonel, grabbed a squad
8-10 young marines and the CO
Sealed the line and bloodied Charlie
Battalion held and moved the enemy, to defeat
Your humanity too, I saw
The flick of pain moved across your face
As those pink forms you signed, your lost troops
And I saw goodness and leadership**

To understand a Marine you must know:

We left home as teenagers or in our early twenties for an unknown adventure.
We loved our country enough to defend it and protect it with our own lives.
We said goodbye to friends and family and everything we knew.
We learned the basics and then we scattered in the wind to the far corners of the Earth.
We found new friends and a new family.
We became brothers and sisters regardless of color, race, or creed.
We had plenty of good times, and plenty of bad times.
We didn't get enough sleep.
We smoked and drank too much.
We picked up both good and bad habits.
We worked hard and played harder.
We didn't earn a great wage.
We experienced the happiness of mail call and the sadness of missing important events.
We didn't know when, or even if, we were ever going to see home again.
We grew up fast, and yet somehow, we never grew up at all.
We fought for our freedom, as well as the freedom of others.

Some of us saw actual combat, and some of us didn't.
Some of us saw the world, and some of us didn't.
Some of us dealt with physical warfare, most of us dealt with psychological warfare.
We have seen and experienced and dealt with things that we can't fully describe or explain, as not all of our sacrifices were physical.
We participated in time-honored ceremonies and rituals with each other, strengthening our bonds and camaraderie.
We counted on each other to get our job done and sometimes to survive it at all.
We have dealt with victory and tragedy.
We have celebrated and mourned.
We lost a few along the way.
When our adventure was over, some of us went back home, some of us started somewhere new and some of us never came home at all.
We have told amazing and hilarious stories of our exploits and adventures.
We share an unspoken bond with each other, that most people don't experience, and few will understand.
We speak highly of our own branch of service and poke fun at the other branches.
We know, however, that, if needed, we will be there for our brothers and sisters and stand together as one, in a heartbeat.
Being a Marine is something that had to be earned, and it can never be taken away.
It has no monetary value, but at the same time, it is a priceless gift.
People see a Marine and they thank them for their service.
When we see each other, we give that little upwards head nod, or a slight smile, knowing that we have shared and experienced things that most people have not.
So, from myself to the rest of the Marines out there, I commend and thank you for all that you have done and sacrificed for your country.
Try to remember the good times and make peace with the bad times.
Share your stories.
But most importantly, stand tall and proud, for you have earned the right to be called a Marine.
I'm a Marine Are You?

RECRUITING "IT'S JOB ONE"!!

We Honor Those Who Came Before By Making Every Moment Count Semper Fidelis. Did you ever see this quote? You don't have to be a hero in combat to achieve this. You don't have to be the person that recruits a thousand new members. You can actually be the Marine that does their job and lives the mission every day. Recently there has been a flood of advertising on FaceBook and TikTok for the Marine Corps League. Have you seen these:

These are video's on Facebook and TikTok set to music and some of them contain lots of details about the League and the Mission we carry out here. For quite some time we faced an ongoing problem that no one has heard of the league. To-day, thanks to these fewer and fewer people can make that claim. When trying to attract new members please don't hesitate to use them. Try making a few of your own, I've done it and I have had one that got over Two Thousand Views. The pictures and the music make it all work. Pick a video that you feel will work for you, copy the web address for that video and put it on the back of your business card, so that when the perspective member leaves they have your card and the video. You can also put the web address on the card

for the Newsletter. If you are at an event such as roses or recruiting ask people to sign up for our Newsletter and each time it comes out you can send them a copy to keep in touch. Just because they don't join today doesn't mean they won't join tomorrow.

Remember, **We Honor Those Who Came Before By Making Every Moment Count.** We do this by recruiting new members, helping our Veterans, providing honors to our Marines who have passed on, and serving our community. These videos put us in the light that the Marine Corps League deserves to be seen in. They show activity, helping Marines, Serving the community, a full and active body of our membership. As we come together to celebrate 250 year of service as Marines, let us renew our pledge to the mission of service and honor to all who have come before us, to our brothers and sisters who serve with us now, and the future of our League, that it may continue to grow and prosper to enable us to continue being a community of service, and we leave No Marine Behind. Remember I said you don't have to be a hero in combat, or recruit a thousand Marines, we build our Corps, one member at a time. We improvise, We adapt, We overcome, We Are United State Marines, Semper Fidelis.

DIVISION SPOTLIGHT

In each Issue I would like to focus on Marines that are bringing their A GAME to the Division and our mission. I would ask that Detachment and Department Commandants, as well as Pack Leaders send in their choices of Members and Dogs who deserve recognition for the work they do and the contributions they make to our success. You should describe their contributions and why they are being recognized , since you know them the best.

In this issue the spotlight shines on Liz Anderson and her faithful assistant David Porter. At the National Convention, Liz presented a check for \$2000.00 to Col. Bill Davis from the Young Marines. The money was raised from the sale of T-shirts with a check list of things to see and do at the Convention. This to me was something that was extremely notable since I have never seen a donation presented at the convention from a person rather than a Division, Department, or Detachment. Now true both are members, but again I have never seen it at this level. Liz has previously done another fundraiser at a convention where she enlisted a beauty parlor to offer make up and hair styling to the women attending the Convention. I guess you have to do things more than once to get my attention as there are no one-offs in the spotlight. I am sure there was a lot of thought and work that went into this project and maybe this type of activity is something others may want to explore for many reasons. It would get more people involved in the everyday of the Convention. IT would increase the comradery among more people, making them feel more of a part of the group. As it stands now, most of the wives and significant others spend their days seeing the sights and running errand. However, this is not organized so they

spend time planning where they want to go and who wants to go which wastes a lot of time. Quite a few of these wives and significant others are associate members but do not attend any of the meetings, even though there are parts of the meetings they would be interested in, such as future locations for the convention, and some of the other programs that could use support.

In addition to all of that, these two people are some of the warmest and welcoming people I have ever met. They are positive and always take the high road in dealing with emotions and situations. From the time I joined the Division I have felt appreciated and accepted. When they say New England is a Family, nothing could be more true because even now that our leadership has changed, the comradery and family aspects of it have not. I'm pretty big on symbolism. On my Facebook page there is a photo with two flags and the quote, "These are my People, This is my Tribe". Well, when it come to translating that, The New England Division is my People, The Marine Corps League is my Tribe, that make these two "My People". **Semper Fidelis, Elizabeth Anderson, Semper Fidelis, David Porter.**

HELP WANTED

Each edition I will list any job a Department has that is open. We need to encourage Marines to step up and fill these positions. Many people think that those of us that hold positions have some special skills that allow us to do these things we do but that is not true. We are all here because we feel we have more to offer and more to do. We appreciate that you come to the meetings but think how much more you could help by stepping up. I think by now I have heard just about every excuse to why people can't do things but you can and that is a conversation you need to have with yourself. No one ever joined the Marine Corps because they thought there were easy no stress jobs here. There are jobs listed here that if not filled would prevent a Department from functioning.

Department of CT— Is seeking an Americanism Chair. Your duties would include overseeing the Department's participation and entries into the Americanism program.

Department of CT— Is seeking a VAVS NORTH and VAVS SOUTH. These positions have been open for a while there are training videos available on the National Website.

Department of CT— Is seeking a Boy Scout Liaison

Department of CT— Is seeking a Youth Physical Fitness liaison to make contact with schools to set up the program and help out wherever needed.

Department of CT— Is seeking a Historian

New England Division— is seeking a Historian, who will take over keeping the history and accomplishments of the Division.

New England Division— is seeking a Legal Advisor and for this position you would need skills to advise the Division on all legal matters.

New England Division— is seeking a Auxiliary Liaison. This position needs to be filled by a strong individual who would basically bring the Auxiliary back to life. You would need good communication skills as well as drive and ambition.

The Marine Corps League Department of Connecticut

is honored to host the 250th Birthday of the United States Marine Corps Cake Cutting Ceremony at The State Capitol North Lobby under the Rotunda on November 10 at noon. The Marine Corps Flag will fly over the Capitol that day to celebrate our illustrious 250th Birthday. Invitations have been extended to the I & I of the Marine Reserves Units in Plainville and New Haven. Other special invited guests include the Governor, Commissioner of Veterans Affairs, national and state leaders. All Marines and their families are welcome to attend.

As our milestone Birthday approaches, there will be many reminders for you. While there are many keepsakes and coins to remember this special day, They will fall short of you actually being present at this event. There is no other service that will define the position of attention, offer a crisper or more reverent salute, than a United States Marine. Marines are a force of readiness, and since we never stop being Marines that force can be 18 years old coming out of boot camp, or 81 years old sliding into home, screaming "Hell of a Ride". Join us on November 10th at noon to salute our beloved Corps.

*Semper
Fidelis*

Regardless of the situation, the Marine Corps has an answer for almost everything.

A Marines Prayer

Almighty Father, whose command is over all and whose love never fails, make me aware of Thy presence and obedient to Thy will. Keep me true to my best self, guarding me against dishonesty in purpose and deed and helping me to live so that I can face my fellow Marines, my loved ones, and Thee without shame or fear. Protect my family.

Give me the will to do the work of a Marine and to accept my share of responsibilities with vigor and enthusiasm. Grant me the courage to be proficient in my daily performance. Keep me loyal and faithful to my superiors and to the duties my Country and

the Marine Corps have entrusted to me. Help me to wear my uniform with dignity, and let it remind me daily of the traditions which I must uphold.

If I am inclined to doubt, steady my faith; if I am tempted, make me strong to resist; if I should miss the mark, give me courage to try again.

Guide me with the light of truth and grant me wisdom by which I may understand the answer to my prayer. Amen

WORD OF THE DAY

Over the centuries, certain Latin phrases have been used widely enough in English to get included in the dictionary. This is one of the favorites:

Semper Fidelis

sem-per fi-dey-lis;

"Always faithful"

These two words have long served as motto for families, schools, and organizations – most famously, since 1883, for the United States Marine Corps.

EXAMPLE:

He will receive the Semper Fidelis Award for his support of the Marine Corps University Foundation.
